“An Appreciation”

Dear Friends,

We hope you are all fine. We are trying to survive here.

We are writing to sincerely thank you for the generous donation during tragic moments that faced our beloved country early this year. We appreciate the fund raising efforts linked with Nakurun Lapset ry board members and sponsors. With money donated we were able to provide food, shelter, beddings and salaries for the large number of children we took care of.

Dear friends, I want to say that as at now the situation in our country is improving though still with a lot of tension here and there. The situation in Nakuru town has also cooled down. We now have a Grand Coalition Government and believe that things will now go back to normal.

We thank the international community for having put pressure on our two leaders Mr. Raila and Mr. Kibaki to be serious with the mediation talks and it has eventually brought peaceful fruits.

We at the Home have admitted quite a number of displaced persons mostly children and initially it was so hard to cope with limited resources. We have managed to settle some and relocated some to their parents/guardians. The number was more than 130 now but has reduced and we currently have 30 whom we presume might stay for a longer period.

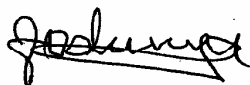

I, on behalf of myself, the management board, staff and children wish you all the best in your daily endeavours.

The Key Objective of Child Welfare Society of Kenya is to seek and protect children in difficult circumstances, to solicit the support of donors and sponsors and to manage the resources in the promotion of the right and dignity of the child.

HELP A NEEDY CHILD

Kindly pass our sincere gratitude to all those who made this worthy donation a great success. We are sure with your continued support and assistance, we will surely make the lives of these children better. Thank you so much and May the Almighty God richly bless you in all your endeavours

Yours sincerely

Mrs. Justine M. Oduya
CWSK- Regional Co-ordinator.
